And given how slow the TE process moves these days, it would probably be 2009 construction anyway

I'll go ahead and request that Finance put the unallocated 2007 PATH match into the South Fork Trail project.

FYI, if we use that much from the 2008 PATH appropriation, we won't have enough to cover the expected HOST match on all of the other projects scheduled for 2008. We'll have enough for the match on the three TE projects, but South River 2 would probably have to get pushed back to 09. Since South River 2 already has a shortfall, it may have to get pushed back anyway.

Ed, if our budget passes next Tues. 26th, I think we'll be all right

The funding isn't Dist 2 funding, it's general HOST, and between what is already appropriated (which would cover the \$600K originally planned) and what is new in 2008, we should be able to come up with the extra \$350K you're looking for

Dave Pelton, please make sure those funds are reserved/held onto,

Thanks,
Ted

Have you had a chance to check on this permit?

Also FYI, our bid for SPT Creek is \$1.55 M. The neighbors put ugly notes on the contractor's windshield while he was walking the project.

We need to confer with Jeff, don't you think? We need his \$\$ and yours to make it work.

Ed
