Subject: S Peachtree Creek

Over the weekend, Dave Butler visited the site and proposed we add 300-400' of boardwalk east of Willivee to satisfy the folks in Development and some of the neighbors who were concerned about concrete in the floodplain. Dave indicated Commissioner Rader might pay the \$90K to add this from his funds. He also mentioned the crumbled parking area might be removed to mitigate the concrete trail. I assume to be removed by others.

Can you finalize this deal? We are altering plans to indicate boardwalk east of Willivee across the creek.

Tell me what we need to do. We are waiting to hear before we take the revised sheets to Development
